HELLO! I AM...

Jennifer

YOUR CASE COORDINATOR

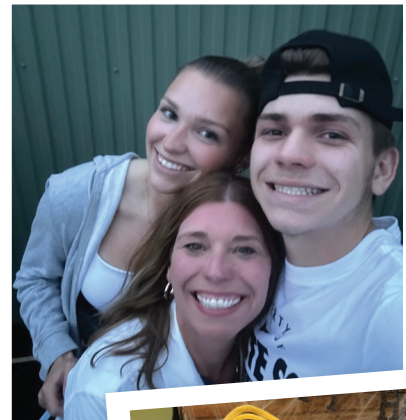

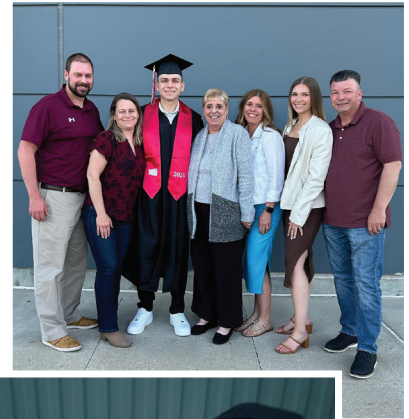

Please take a moment to read through my profile to learn more about me and my role in your adoption journey.

## ABOUT ME

I have been with LifeLong Adoptions since 2021. I have always worked in the service industry. My role as case coordinator fills my passion for helping people. It also plays to my strengths by doing so in an organized, direct, and kind way. I am a great listener with a compassionate heart. I am a wife and mother of two children and a dog. I live a healthy and active lifestyle and enjoy working out, kickboxing, boating with friends, walking my dog, and being with family.

## MY FAMILY & PETS

Family is everything. My husband's name is Mike and I have two children, Jessica and Aleks. We also have a six-year-old labradoodle named Oskar. I come from a big extended Italian family, and growing up, tradition and being together were important. We always had the best time with family and friends who were like family. Even today I hold on to those traditions and beliefs and have taught my children the same values. Family and laughter are always the best medicine!

## HOW ADOPTION HAS TOUCHED MY LIFE

Choosing adoption, in my opinion, is the most selfless thing a woman can do for her child. I also believe that the families who are open to adoption are some of the most amazing people I have ever met. I have witnessed the love that comes from adoption personally in both my family and friends, and know the beauty of it. I have a cousin who adopted and also had a biological daughter and the funny thing is the adopted daughter looks more like the adoptive mother than her biological daughter! It truly is a special gift when your baby finds you.

ADOPTIVE PARENTS

Welcome to the Connection phase! Thank you for trusting me with this part of the process. This will probably be the most exciting and rewarding part of your journey. My role as Case Coordinator is to help connect you to legal services, provide you with resources and support during this phase, and make sure everyone involved in your case is communicating as we continue to move forward. I am essentially the glue that keeps us all together!

This phase is emotional for everyone and can be a bit stressful at times. You may even hit a few bumps in the road, but I promise you will have a team behind you that will be working hard for you the entire way. I am excited to work with you and honored to help grow your family!
